## **DETAILED ACTION**

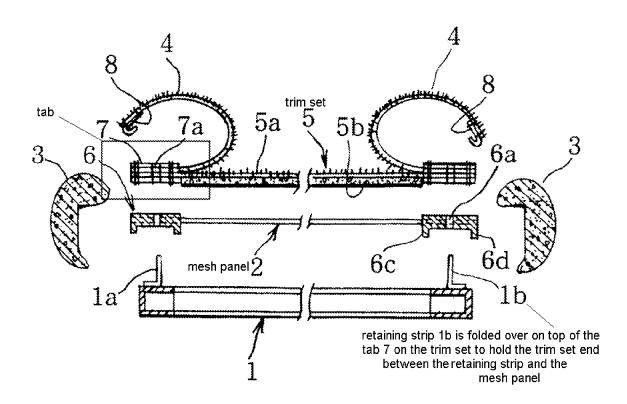

## Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

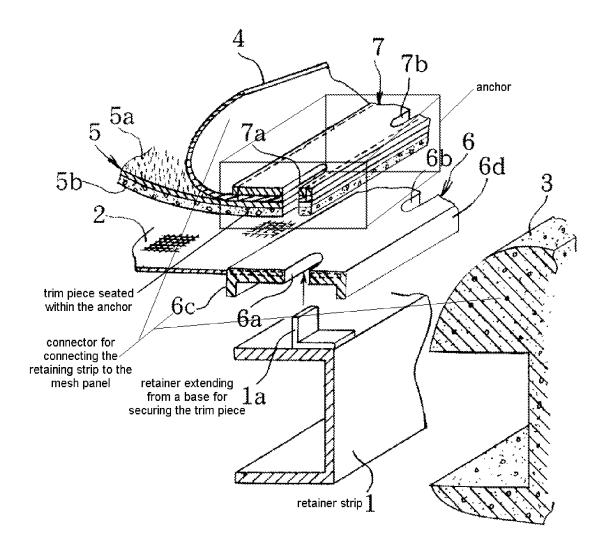

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-5 have been rejected under 35 U.S.C. 102(b) as being anticipated by Maeda, 6152534. Maeda discloses the claimed invention as shown in the annotated drawings.

Art Unit: 3677

## Allowable Subject Matter

Claim 5 has been objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
